

TAYLOR MAXWELL

The Bosco Collection

ENGINEERED FLOORING

Trusted partner

Taylor Maxwell has been supplying high-quality timber products for over 60 years, working in partnership with leading manufacturers across the UK and Europe.

With a dedicated flooring showroom in Portishead, specialist flooring section within our Clerkenwell site and an additional 14 locations across the UK, our offering goes far beyond timber—encompassing a wide range of brick and facade solutions.

This breadth of expertise makes us a trusted partner not only in flooring, but across the entire construction industry.

We also understand the importance of the role organisations like ours play in the fight to for a **sustainable future**. The built environment is a major contributor to global carbon emissions and it is now our challenge to take action and encourage our partners to do the same.

Our mission is to be carbon net zero in our own operations (scope 1 and 2) by 2030 and we're taking steps to reduce our emissions now.

Designed with Purpose

The Bosco Collection, a range of outstanding engineered wood flooring.

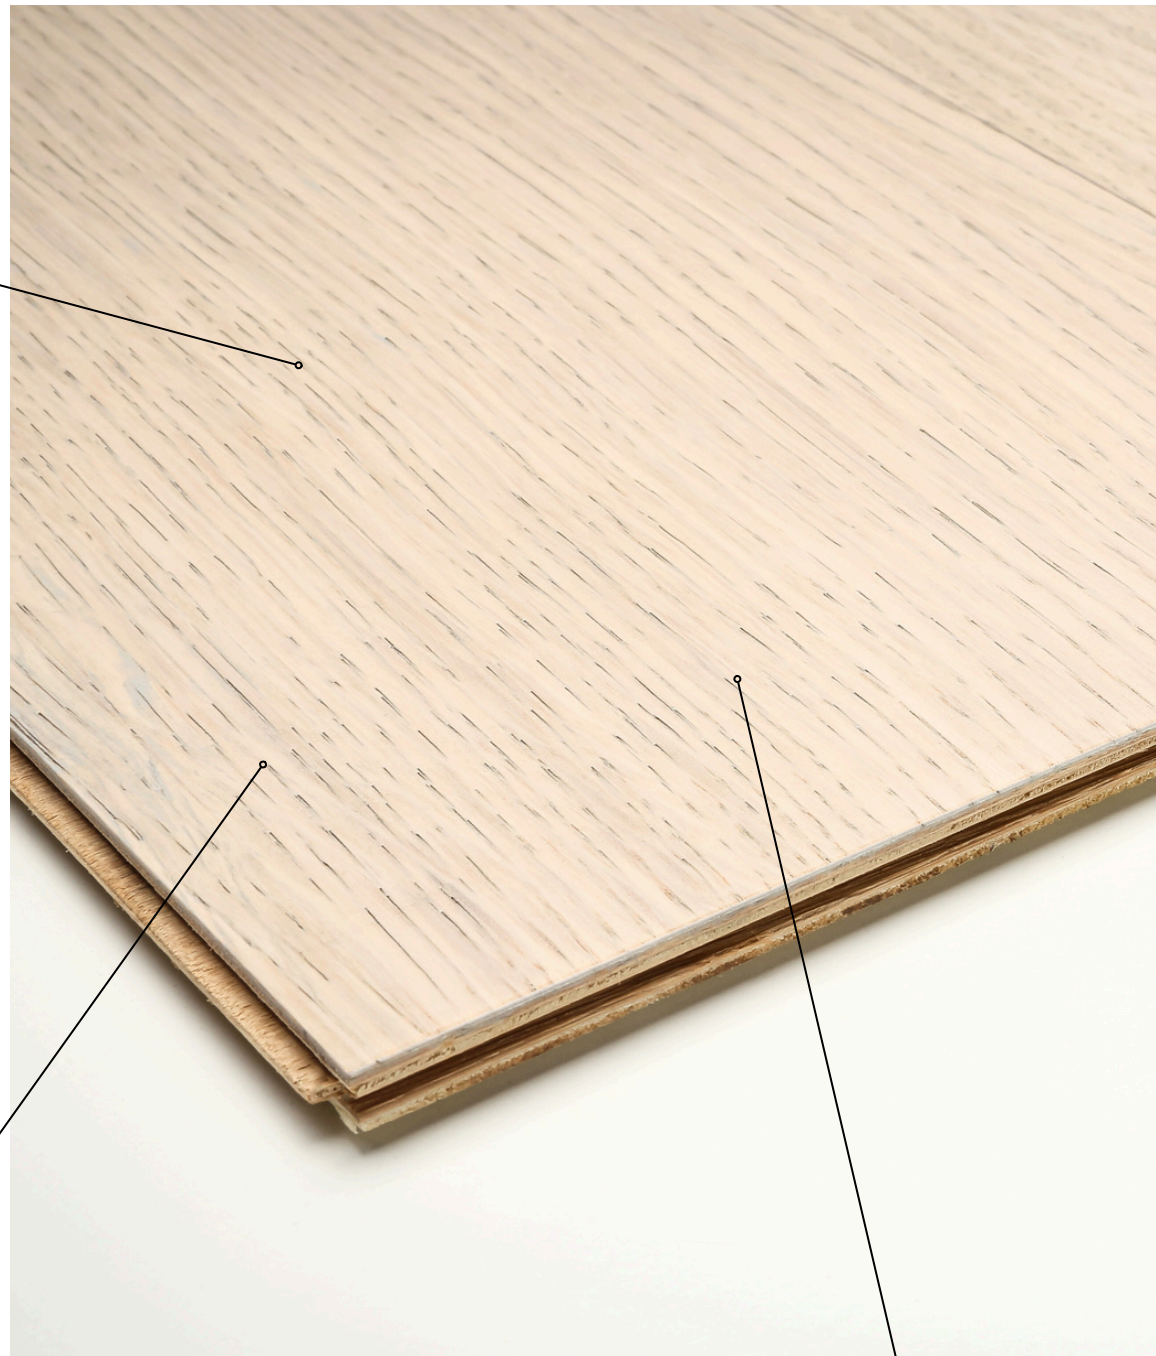

Defined by its durability and a clean, refined aesthetic, this floor is regarded as a key material for a range of domestic and commercial property developments. The collection provides a high-quality alternative to solid oak and laminate flooring and is available in a variety of sizes and colourways. Such choice means you are sure to find the perfect aesthetic for your project, guided from start to finish by our expert team.

Structure and style

Constructed from a durable hardwood layer overlayed on a plywood – or mixed plywood and softwood centre, our engineered wood flooring can be delivered in a range of finishes and choice of thicknesses.

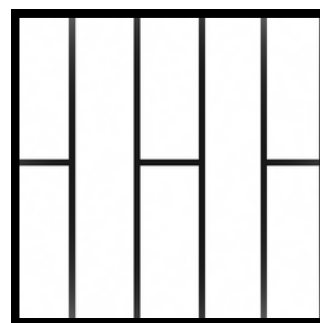

**Finishes available:
waxed, oiled,
stained and
other coloured
solutions**

Plywood centre

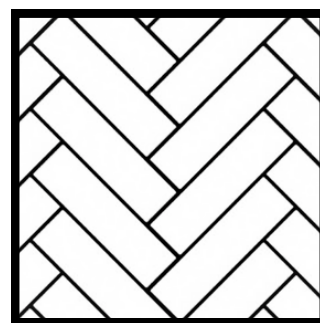

**Real wood layer: available
in a range of thicknesses**

Plank

Thickness: 11 - 21mm
Width: 90 / 120 / 140 / 180 /
220 / 250mm
Length: 500 - 2400 mm

Herringbone

Thickness: 11-21 mm
Width: 90 / 120 / 140 mm
Length: Standard 450 mm

Chevron

Thickness: 11-21 mm
Width: 90 / 120 / 140 mm
Length: 600 mm

Formats

Achieve the look you want with our range of design formats. We stock our engineered flooring in various widths and finishes, including Herringbone, Plank and Chevron.

Understanding the benefits

UV resistant

Underfloor heating compatible

Humidity resistant

Hypoallergenic

Stain and wear resistant

Fire retardant (Cfi-S1)

Easy to clean

Environmentally conscious choice

We're dedicated to delivering flooring that excels in both aesthetic appeal and long-lasting performance. Our engineered floor complies with European standards for fire safety (EN 13 501/Cfl-s1) and the formaldehyde emissions regulations (EN 717-1/E1).

We use European materials, manufacturers and sawmills who share our values for creating ethically sourced flooring to supply products that will seamlessly integrate into residential and commercial interiors.

We manufacture in the same European factory and production line, which ensures continuity throughout all our products. This means you can be sure of a clean and consistent finish throughout your project.

Colours and Finishes

The Bosco Collection offers a range of colours — some of which are showcased below. However, we can **produce any custom colour** you require, subject to minimum order quantities.

The collection also comes in a selection of finishes –

Natural Oil & Hardwax Oil finishes soak into the wood, enhancing its grain while providing a natural look.

The lacquer finish provides a surface-level protective coating by applying it in various gloss levels.

And the Nano lacquer finish, an advancement on the traditional lacquer, offers superior durability and slip resistance.

Grades

Rustic / Nature / Select

Rustic

Rustic grade allows up to five healthy or unhealthy knots per linear metre, each no larger than 30mm. It also permits filled splits and cracks up to 150mm long and 3mm wide. Natural features such as silver grain, wood rays, and mineral streaks are acceptable up to 150mm in length. However, bark pockets and holes or voids are not permitted.

Nature

Nature grade allows up to three healthy knots per linear metre (maximum 15mm each), and up to two filled unhealthy knots per linear metre, also up to 15mm. Holes, voids, splits, cracks, and bark pockets are not permitted. Subtle natural features such as silver grain, wood rays, and mineral streaks are acceptable up to 50mm in length, provided they are not visually prominent.

Select

Select grade permits up to two healthy knots per linear metre, each no larger than 3mm. Unhealthy knots, holes, voids, splits, cracks, bark pockets, and mineral streaks are not permitted. However, silver grain, wood rays, and heartwood are allowed.

PRODUCT INFORMATION

STRUCTURE

Product Type	Oak / Maple / Ash / Walnut
Surface Finish	Nanotechnology lacquer / Lacquer / Natural Oil / Hard-wax Oil
Core Structure	Plywood
Special Construction	Nano Technology
Construction	Engineered
Specie	European oak, ash, Canadian maple, American black walnut

DIMENSIONS

Format	Plank / Herringbone / Chevron 30°&45°
Overall Thickness	11-21 mm

DATA

Dimensions	Please see details on Format Page 06
Fire Behaviour	EN 13 501/Cfl-s1
Formaldehyde Emissions	EN 717-1/ E1
Footfall Noise Reduction	DIN EN ISO 10140-3 18db
Warranty	25 Years
Garding	Rustic / Nature / Select
Sustainable Certificate	FSC Certification

INSTALLATION

Installation	Floating or fully bonded
System	T & G
Underfloor Heating	Suitable
Suitability	Domestic & Commercial

Our promise

As a leading importer and distributor, we maintain a wide and varied stock of flooring in the UK—ensuring excellent availability and prompt delivery.

Every product we supply is backed by the strength, stability, and the reputation of the Taylor Maxwell brand. Drawing on decades of industry expertise, we continue to support high-profile projects, including Stirling Prize-nominated developments, by sourcing premium materials from trusted, well-established suppliers.

Here to Help

Our knowledgeable team is ready to discuss your project requirements and help you find the right flooring solution. Get in touch to speak with one of our flooring specialists today.

Please note: All technical information is provided by the manufacturer. All liability and responsibility for the testing and performance of the product rest solely with the manufacturer. Taylor Maxwell accepts no responsibility or liability in relation to the accuracy of this information or the testing of these products.

The background of the entire page is a photograph of a dense forest. In the foreground, on the right side, there is a large pile of cut logs and branches, some of which are split lengthwise, showing the wood grain. The rest of the image is filled with tall, slender trees with vibrant green foliage, creating a sense of depth and a natural setting.
