

HD DECK® 3D

A Composite Prime Product

Textured Wood Composite Decking

HD Deck® 3D Weathered Oak

HD DECK® 3D

A Composite Prime Product

Board Dimensions:
25 x 146 x 3600mm

HD Deck® 3D has a **deeply textured 3D surface** creating unparalleled characteristics to mimic natural timber.

Made from **FSC® 100% hardwood flour** and **recycled plastic**, which combine to produce a high quality finished product that offers the low maintenance benefits of composite decking and outperforms traditional treated timber.

HD Deck® 3D has a unique **True Grain Colour System™** – a subtle variation replicating the natural tones seen in timber – which ensures that no two boards are the same colour.

The boards will lighten in appearance due to initial weathering within the first few months of installation.

Low Maintenance & Long Life

- Will not rot or decay
- Will not warp
- No staining, treating or painting

Friendly to the Environment

- FSC® 100% certified timber
- Recycled plastics
- Socially responsible

Safe & Child Friendly

- Will not splinter
- Slip resistant
- No hazardous substances

HD Deck® 3D Burnished Oak

HD Deck® 3D is double-sided with **two styles in one board**

Golden Oak
